

CF

**vision vs. prior
prior hurts**

CS

**vision + prior
prior helps**

repair / retention

```
graph TD; CF[CF vision vs. prior prior hurts] --> Repair[repair / retention]; CS[CS vision + prior prior helps] --> Repair;
```

The diagram consists of three rectangular boxes. The top-left box is light orange with an orange border and contains the text 'CF vision vs. prior prior hurts'. The top-right box is light teal with a teal border and contains the text 'CS vision + prior prior helps'. The bottom-center box is light grey with a grey border and contains the text 'repair / retention'. An orange arrow points from the bottom of the orange box to the top of the grey box. A teal arrow points from the bottom of the teal box to the top of the grey box.
